## British Capture Strategic Ethiopian Town

### Jijiga Falls Before Column Of Imperials Advancing On Harar

Speed Of British Advance Over Difficult Jungle Almost Unprecedented In Annals Of African Warfare

By PHILIP TAYLOR

NAIROBI, Kenya Colony, March 19.—(UPI)—An official communiqué today reported the capture of Jijiga, only 70 miles from the vital Adis Ababa-Jibuti railroad. Cutting of the railroad by the British might force collapse of Italian resistance in Ethiopia.

The capture of Jijiga was affected by a dashing column of Imperial troops which had struck north with lightning speed from Italian Somaliland.

**T**HE operation of German submarines on the American side of the Atlantic appears to be less a strategic extension of Hitler's "blockade" of Great Britain than a sign of Nazi bravado following the passage of the Aid-to-Britain bill. It seems possible that the Fuhrer feels he should make some gesture to save German public opinion that he has the situation in hand and believes he is doing so by sending warships into the western hemisphere.

The natural areas for attacks on British shipping are where the merchant marine is most exposed in approaching British ports. It is in these confined spaces that the Allies must be alert and must continue to take.

### AMERICAN HELP NEEDED TO FEED FRANCE: PETAIN

VICHY, France, March 19.—(UPI)—The British press directed strong pressure on the U.S. to supply food for feeding France.

It is necessary, therefore, for Germany to be given maximum leeway in searching operations covering enormous distances. This difficulty

**Big Procession Of Nazi Raiders Return To London**

LONDON, March 19.—(UPI)—Accompanied by thunderous explosions of bombs and machine gun fire anti-aircraft raiders returned to London early tonight. Witnesses said the attacking planes made a "big procession."

Exports Increase

OTTAWA, March 19.—(CP)—Value of Canada's dollar exports last month was \$707,225 in February compared with \$71,078 in January. February, 1940. Dominion Bureau of Statistics reported today.

The Chief of Staff said "a certain number of Frenchmen" did not understand the meaning of the word "order" and still hoped for a return to an easy life.

"These Frenchmen are mistaken," Betan said.

Hull Bears Brunt Of Attack; Civilian Casualties Are Heavy

GREAT NUMBERS OF DEAD Counted In Wake Of Nazi Raid

HULL, Eng., March 19.—(UPI)—German bombers shivered incendiaries and high explosives on Hull last night and early today, killing and wounding scores of British civilians.

British provincial authorities

estimated that over 1,000 lives

in the Liverpool and Glasgow regions last night.

**SHELTER IS WRECKED**

Residential damage was heavy during the raid, but almost all houses remained standing except before dawn.

One high explosive exploded a shelter in which the only survivor was a baby 12 months old.

Ambulances jolted through the wreckage.

Municipal authorities opened

shelters to help the survivors.

The shipping and factory city of

300,000 counted great numbers of

wounded and many dead.

The raiders roared over Hull in steady waves, using the same tactics

### THE BRITISH

From houses to tanks, women in this British army successfully salvages waste material which will be closer to the vital railroad when now constituting the only link between Addis Ababa and the outside world.

The speed of the British advance over the difficult jungle, and the behavior of the British women, was almost unprecedented in the annals of African warfare.

The Imperial troops now appear to be on their way to smash across the Adis Ababa railroad and force the Italians to capitulate under a direct assault across the Ethiopian plain.

A dozen separate British columns are moving up the hairy hard-pressed East African empire.

CAIRO, March 19.—(UPI)—The British middle east command reported today that major important naval bases and the oil storage centre at Rotterdam were the chief targets in Italy's first air raid on Alexandria during the night, the air ministry said.

The communiqué reported that Italian forces, defending Cheenay have again launched counter-attacks against British positions which again have been driven back with serious losses to the enemy.

The situation continues to deteriorate.

The docks and industrial district of the port of the Baltic end of the Kiel canal, were the main target of the attack, the air ministry said.

Most British ships were especially hard hit, and British naval and military targets in Wilhelmshaven also were sharply attacked, according to British news services.

## U.S. ADDS TO NAVAL STAFF IN FAR EAST

**Observers Say American Fleet To Act If Japs Men South**

**BATAVIA, Netherlands East Indies, March 19.—(AP)—**The United States today was reported increasing its staff of naval experts in the far east and the south Pacific.

Two officials were being retained in Singapore, Darwin in Sydney in Auckland and other points, in addition to those regularly attached to the U.S. naval mission in Canberra and Bangkok, it was said.

They were described as "experts" and were not identified as U.S. diplomatic or consular service.

At the same time, there was great interest in the arrival of a small party of American warships which recently paid a total of four cruises and nine destroyers to Australia, New Zealand and the South Pacific waters.

Reports continued to circulate, despite no support from official quarters, that Singapore would be available to the U.S. fleet if Japan should move.

At present, the regular skeleton of a British naval squadron is stationed at Singapore.

But the Japanese believe the U.S. fleet will undertake the heavy work if Japan moves the main body of its fleet. It has been against the Japanese, the English, the Dutch, and the United States entered the conflict.

### Australia Said Considering War

**NEW YORK, March 19.—(CP)—**Diplomatic News Agency reported a radio broadcast from Sydney, Australia, as saying that "Australia is considering seriously the possibility of war."

Thirty-four members of the staff of the Tokushima Company in Sydney said they believed the U.S. fleet would begin to move toward the Atlantic to escape the heavy work if Japan moves the main body of its fleet. It has been against the Japanese, the English, the Dutch, and the United States entered the conflict.

**Discontent Among Italians At Home Growing Steadily**

**OTTAWA, March 19.—(CP)—**An Athens radio newscast heard here by the Canadian Broadcasting Corporation quoted an Italian newspaper as saying that discontent is steadily increasing in Italy. The Athens newspaper said that "right now the people's discontent seems to have been 'fed on false rumors' and that the spirit among the Italian people is so bad that it seems to become depressed."

**Value Of Contracts**

**OTTAWA, March 19.—(CP)—**A Canadian and United Kingdom account for July 1, 1939, to Dec. 31, 1940, was released yesterday by the department of munitions and supply.

Whatever the source of accuracy of reported orders to long-distance telephone companies along American coasts and ports in search of visitors, the obvious fact is that the telephone companies spared important units of the undersea fleet for that purpose.

They could probably achieve greater economy by using the air mail, expecting adventurous psychological reactions at home.

The Postmaster General may give him some help.

**SPORADIC U-boat raiding in the western Atlantic is not only possible, but probable; yet it is on Britain's vulnerable sea bottlenecks at home that Germany must concentrate its efforts if it has any hope of achieving the 1941 victory Hitler has repeatedly promised his people.**

## Trainers Forecast Fresh Starter May Take Derby Run

COLUMBIA, S.C., March 19.—(NEA)—Because he led from start to finish in winning the \$20,000 Flamingo Stakes at Hialeah Park, the King Ranch's Disposse made favorite at 4 to 1 with Our Boots in the Kentucky Derby winter book.

For chasing the record-breaking Disposse home in the Bahamas Handicap, being beaten no more than a head, was a remarkable finish, but a remarkable finish from six others in the seven-racing Miami Shore, Paseo, the Cold Spring, South Carolina, and the \$10,000 Brandon MacCurdy, last month second choice with Laury Clegg, Howard Parker's Colt, which probably deserved a horse good enough to run off with the rich Santa Anita Derby.

Although Disposse is favored this afternoon, Rimelich's line for a mile and an eighth was a full point above the odds of 4 to 1. Yet, trainers working horses at the old and soft Fair Grounds track have had an idea; the Kentucky Derby, a mile and a quarter on May 3, will go to a 3-year-old kept out of the winter race.

Although Disposse has come a long way—he wasn't much as a 2-year-old—he still has a ways to travel if he is to win the race of Discovery Swiftly between Columbia and Miami, before he can be considered fit in May.

Parker's Clegg, a 3-year-old, and his stablemates, who are 279 and 280, are the best horses in the field.

Third bird of Jam Tarts captured both one and two horses in Tee Time League. Her scores were 170 and 171, respectively, and her stablemates also won both games.

Daredevils produced triple winner in Hudson's Bay Cup, with 200, 206 and 189, and Muir of Bombers came in for the single with 208.

Axton, shown as a juvenile, proved a quality horse, but he has had a great deal of his ability on the track, and will be met down in the Atkinson, Poco, and Poco.

Hirsch has other strong candidates in Arnold Hanger's Harvard, Royal Canadian, and Royal Queen, Finale and Poco, and Bell-Eaton, Resil-

ience, Bold-Brisbane, Rested,

**BOLD-BRISBANE RESTED OUR BOOTS, WHIRLAWAY**

At Aqueduct, Sunny Jim Fitzsimmons has a powerful hand in the Whirlaway, and in the Poco, and Ogden Phillips' King Cole.

Gold Irishman had his nose over the line in the race of Mrs. Roy G. Martin's Our Boots, and turned to pay \$47.60 for \$2 in the Triple Crown. Poco, a third bird, swelled the list of winners in the fighting of Sir Galahad III-Even to \$23,800, and \$42.40. The Colgate Farm's Baby, a 3-year-old gelding, steeple-choker, Whirlaway, ran third, five lengths back.

No, we are not told of all brilliant performances, but see Ogden Phillips' lagged the Babylon Handicap and Junior Champion at Aqueduct The most brilliant performance of the day, Golden Melody was so sharp that some called him the fastest juvenile of the year, and he was second in his running hind staying qualities.

After running so superbly at Aqueduct, he was a third bird in another race in the Belmont. Fortunately, instead of going on to a brilliant triumph, he was commanding in the last sixteenth, and then hung won. Our Boots challenged and fell back to second place.

Kings, Royal Canadian, and Whirlaway, New World, Parker Cap and most of the good ones have been beaten, but we are going to give a distance. He has developed into a stopping individual.

**OUR BOOTS BY BULL DOG, BUT LOOKED LIKE STAYAKER**

Our Boots, trained by Oak Bay Park, from the jock of having won the Belmont Futility A Bull Dog, but his money winner has yet to win the Derby.

Our Boots is by Bull Dog, a noted notor for high speed ratings, than he has been, but the fact that the colt ran in the futility suggested that he could come from behind.

The Poco, and Ogden Phillips' and New Englander are two more working in Hot Springs which must be the best horses in the country. Swan and Mrs. Anthony Pelletier's Bill Ridge were claimed at Santa Anita.

With the exception of the disappointing before a popped split put him or the shelf at Hialeah, a leg fitting his right foot, and a new one for the saddlestitch at Keeneland.

New World is galloping in Maryland, and the Poco, and Ogden Phillips' the big one of Discoveries out of the Derby and Breakers. That would leave Ogden Phillips' Vanderbilts with their Triple Exploration and High Standard.

John Morris' Blue Delight and Morris' Dark Star, and the 3-year-old, strong chest money winners at Keeneland.

Blue Delight, winner of four of his races, and the Breckinridge Longhorns are the foremost fillies in the Derby and Breakers. That would leave Ogden Phillips' Vanderbilts with their Triple Exploration and High Standard.

Because there is no such outstanding previous choice as was made at the Kentucky Derby, the Derby should have one of the largest fields in years.

It will take spring racing to bring out the logical choice.

## Coast Hockey Toured Off

MONTREAL, March 19.—(CP)—A proposed hockey series on the Pacific Coast, between the British Canadians and Toronto Maple Leafs in aid of British War Charities has been postponed Tuesday by President Frank Calder of the National Hockey League.

McCurdy said the series was abandoned by the Los Angeles sponsors because we could not get enough players to fill the rosters in time to play in play on October 2.

The series was to have started about mid-April.

## With The Pin Busters

A bullet of Blimpis rang up 204 in his first game for high singles in Merriweather's Men's Five at the Flamingo on Tuesday night.

Goward of Flagg's Leade and A Birth of Dawson Minis each finished with 196, while Parker's Colt, which probably deserved a horse good enough to run off with the rich Santa Anita Derby.

Although Disposse is favored this afternoon, Rimelich's line for a mile and an eighth was a full point above the odds of 4 to 1.

Yet, trainers working horses at the old and soft Fair Grounds track have had an idea; the Kentucky Derby, a mile and a quarter on May 3, will go to a 3-year-old kept out of the winter race.

Although Disposse has come a long way—he wasn't much as a 2-year-old—he still has a ways to travel if he is to win the race of Discovery Swiftly between Columbia and Miami, before he can be considered fit in May.

Parker's Clegg, a 3-year-old, and his stablemates, who are 279 and 280, are the best horses in the field.

Axton, shown as a juvenile, proved a quality horse, but he has had a great deal of his ability on the track, and will be met down in the Atkinson, Poco, and Poco.

Hirsch has other strong candidates in Arnold Hanger's Harvard, Royal Canadian, and Royal Queen, Finale and Poco, and Bell-Eaton, Resilience, Bold-Brisbane, Rested,

**BOLD-BRISBANE RESTED OUR BOOTS, WHIRLAWAY**

At Aqueduct, Sunny Jim Fitzsimons has a powerful hand in the Whirlaway, and in the Poco, and Ogden Phillips' King Cole.

Gold Irishman had his nose over the line in the race of Mrs. Roy G. Martin's Our Boots, and turned to pay \$47.60 for \$2 in the Triple Crown.

Poco, a third bird, swelled the list of winners in the fighting of Sir Galahad III-Even to \$23,800, and \$42.40. The Colgate Farm's Baby, a 3-year-old gelding, steeple-choker, Whirlaway, ran third, five lengths back.

No, we are not told of all brilliant performances, but see Ogden Phillips' lagged the Babylon Handicap and Junior Champion at Aqueduct The most brilliant performance of the day, Golden Melody was so sharp that some called him the fastest juvenile of the year, and he was second in his running hind staying qualities.

After running so superbly at Aqueduct, he was a third bird in another race in the Belmont. Fortunately, instead of going on to a brilliant triumph, he was commanding in the last sixteenth, and then hung won. Our Boots challenged and fell back to second place.

Kings, Royal Canadian, and Whirlaway, New World, Parker Cap and most of the good ones have been beaten, but we are going to give a distance. He has developed into a stopping individual.

**OUR BOOTS BY BULL DOG, BUT LOOKED LIKE STAYAKER**

Our Boots, trained by Oak Bay Park, from the jock of having won the Belmont Futility A Bull Dog, but his money winner has yet to win the Derby.

Our Boots is by Bull Dog, a noted notor for high speed ratings, than he has been, but the fact that the colt ran in the futility suggested that he could come from behind.

The Poco, and Ogden Phillips' and New Englander are two more working in Hot Springs which must be the best horses in the country. Swan and Mrs. Anthony Pelletier's Bill Ridge were claimed at Santa Anita.

With the exception of the disappointing before a popped split put him or the shelf at Hialeah, a leg fitting his right foot, and a new one for the saddlestitch at Keeneland.

New World is galloping in Maryland, and the Poco, and Ogden Phillips' the big one of Discoveries out of the Derby and Breakers. That would leave Ogden Phillips' Vanderbilts with their Triple Exploration and High Standard.

Because there is no such outstanding previous choice as was made at the Kentucky Derby, the Derby should have one of the largest fields in years.

It will take spring racing to bring out the logical choice.

## PROVIDENCE REDS BEAT CLEVELAND

PROVIDENCE, R.I., March 19.—(CP)—Providence Reds, defending champions in the American Hockey League, opened their top-place record with a 3-2 victory over the Bruins Tuesday night by driving in three overtime goals for a 3-1 victory.

The Reds' ninth consecutive win of the Hub, Wilson, George Johnston and Hughie Gauthier accounted for the victory, while the Bruins were singed by Normie Manley.

Wilson opened the scoring during the second period, but the Bruins' third-period counter for the Hornets forced the action into overtime.

The Reds and Bruins engaged in a heat-four-overtime series with each other again Thursday night.

## ALBERTA CAN'T PAY TREASURY BILL MATURITY

Hon. Solon Low Com-  
ments On Application  
For Renewal

Alberta will not be in a financial position to meet any of its treasury bills held by the Dominion government during the current year, according to Hon. Solon E. Low, provincial treasurer. In his annual financial report from Ottawa that treasury bills are coming due in the next three years, one for \$184,660,000, the other for \$244,800, payable June 1.

Application already has been made to the Dominion government for renewal.

At Ottawa, Hon. J. L. Doley, minister of finance said that the province's application will give complete details on its financial position that the Dominion can consider appropriate for renewal.

Mr. Low said that the Dominion had renewed about \$400,000 of treasury bills due February 1 and that he expected the same correspondence that further bills also would be renewed as the arguments he advanced in the case were valid.

For other maturities this year, Mr. Low said that he had not yet received any application, although Ottawa dated March 15, referred to Ottawa dispatches. He has had no time to study the matter, but said that in which Mr. Tilley agreed to renew the notes falling due on Dec. 31.

Stating the province's financial position, Mr. Low said that in its effort to help the Dominion was effect, the province had given up from the Dominion its share of the unemployment relief burden amounting to \$1,000,000. Also more than \$500,000 had been paid last year in respect to seed grain in 1937.

**Taxpayer Body Petitions For 50-Mile Rate**

Seeking a 50-mile general rate of officials of the Edmonton taxpayers' Protective Association waited on Hon. W. H. Tilley, minister of transport at Ottawa yesterday. The delegation, headed by James A. Ross, barrister, consisted of Mr. Ross, Dr. T. G. Page, Mr. Henry Gilliland, J. E. Page, Mr. W. Race, secretary.

The delegation requested that the rate of striking the 50-mile rate that street railway fares be reduced from five to four for 25 cents.

City commissioners outlined the city's position in a statement in detail to the committee and intimated that reduction to 50 cents would undoubtedly be followed next year with an increase to 50 cents.

**Annual Meeting Of Dairy Pool Held Thursday**

Delegates from many points of the province gathered at the City Theatre for the annual meeting of the Alberta Dairy Pool. The meeting will be held in the Mayne Theatre and continue throughout the day with the afternoon session being devoted to a study of the financial state-

ment, consideration of resolutions and election of directors.

An evening banquet and entertainment will bring the meeting to a close.

Guests at the function will be dairy commissioner, and W. D. King, deputy minister of trade and industry.

Judicial faith received a rude shock yesterday when Justice J. M. Crook, Edmonton barrister, on behalf of Mrs. Mary Manoryk, who had suffered injuries in a car accident, got out of the province. Mr. Page read that one and counted to ten before the House guessed that it was Justice J. M. Crook.

Another clipping said: "Here is a list of 25 charges against Premier Aberhart that five of which should be sufficient to get him out of him. Well! And" said a new deputy speaker such as A. J. Hoole.

## MANY MEMBERS TAKE PART IN HOUSE DEBATE

**Continued from Page Nine**  
the members would refuse to lower taxes in order to help the war effort?" He wondered where the money would come from if the members did not buy the treasury branches, purchasing Spitfires or war material. He wondered what happened if the members did not buy the branches or anything else if Britain lost the war.

"We are not going to lose the war," said Mr. Teller. "I am not going to Drimballes. Mr. Teller said: "You are not helping any," but withdrew the remark. Mr. Teller then asked the question: "What is the Speaker?" Mr. Dawson directed withdrawal.

Mr. Teller objected to the \$3,000 limit on the amount of money a credit head could spend.

He said that if after reducing the opposition's expenditure by \$1,000 he was still over \$2,000 to spend, the members would have to pay their salaries increased an injury would be done.

Mr. Teller said the government was making unnecessary expenditures in wartime, and that he did not accept the war savings campaign. He charged government members unscrupulously or knowingly used the war savings bonds. Would like them to play.

If he is entitled to say that," asked Mr. Teller, "then I am entitled to say that I am fighting for the Nazi unscrupulously or otherwise," said Gordon.

Mr. Speaker warned that Mr. Teller against making statements which were unscrupulous or making inferior remarks.

### AGRICULTURAL POLICY

D. J. McKinnon, Mr. Gleichen, expressed disappointment at the statement which he had been expressing in this house.

"First of all we require an agricultural consciousness, then vigorous and progressive leadership to formulate provincial agricultural policy," he said. "We must have a clear idea of what we think we could well follow the lead of Prince Edward Island in that direction." He said that the agricultural teachers, an agricultural consciousness, if we are going to continue to have a strong agriculture in Alberta in this house I believe our consideration should be given to that."

He recommended an increase in the number of district agricultural extension agents, and more agricultural fairs, bands of districts, agricultural fairs, bands of districts, agricultural fairs," he said. "Not merely enough to meet the situation. Then there should be a definite program to provide for them to meet the problems as they arise. Furthermore in my opinion we should be financially flexible as to be adaptable to the various districts and natural conditions."

### DEFENSE PERSONNELS

Lord A. Anderson, St. Catherines, declared that if members would forget personalities, they would see that the government had done a good job.

"With us could get away from the idea that we are here to represent our constituents," he said. "He declared Social Credit members exhibited no interest in abstaining the the banking system can not be improved upon," he said. "The government should use the banking system more and it should take the control of credit out of the hands of the banks."

He said that "the machine must keep on running" and that the place where was where "the much laughed at dividends come in."

### WHAT POLICY

Bert. J. A. Whipple, S.C., We. Independents for suggesting that money being allocated to treasury branches was not being used for the pressing needs. "How many miles of road could be built with the

## Points For Parents

By EDITH THOMAS WALLACE

Mother: My mother was a very intelligent woman and I follow her example and may be you too. I have never been convinced that the method of punishment she used will work.

"The way mother did" should be constantly reevaluated, should be kept as a pattern when value and discarded when better methods would be done.

The banks have cost the country the most because they are spending spent on treasury houses "Goes back into circulation Alberta and none of it is spent."

He subjected the Dominion government's war policy to criticism, saying that it was "not in the interest of the people of this province." He said that the bonus "should be on consumption rather than production" that it must be obvious that it is not to his taste.

The Dominion government's system of bombing summer fall lands would prove more beneficial to farmers than small farmers.

### POLICY IS PRAISED

Mrs. Corinna Bailey Wood, S.C., Stony Plain, directed attention to the principles and objectives of Social Credit which was more than monetary reform. It meant more to people the credit now held by the banks. She declared that people were in the place of the banks. She said:

Hon. D. Brant MacMillan, minister of agriculture, stated that the report of the committee was submitted as it was a confidential document.

### UPHOLDS SOCIAL CREDIT

A. E. Fee, S.C., Sedgewick, directed attention to development of agricultural services in Alberta. He said a Saskatchewan publisher reported that the government had two outstanding departments: education and agriculture.

He said that the "most important possible and education made agriculture practicable," he said. Mr. Wood directed attention to improvements made in machines. The committee had compiled and handicapped that it required 100 different lines to cope with the different types of farm equipment. The committee had been associated with the machine taking the place of the horses.

Dealing with the grain claim, he claimed that the industry was not a proper subject for legislation, discussion, being it was claimed, was not keeping up with the times. He said that the grain market had been distributed to farmers in the last three years. These had replaced the old system of buying grain in 1938 and thus far, for 1941, 20 per cent of the total bushels had been distributed to farmers, while 32 per cent of the total had been sent out since 1938.

Steps to organize a poultry marketing board were also mentioned. Mr. Fee, Rivington post of grain dealers also received attention. In 1932, 100,000 bushels of wheat, equivalent of 261 bushels of wheat in 1936, the crop was \$20,000. In 1938, 100,000 bushels of wheat, equivalent of 300 bushels of wheat, equivalent of 450 bushels of wheat.

# WAIT FOR ME

By KATHERINE MACY

**CHAPTER TWENTYNINE**  
JAN packed her lone bag, her mind in the state of wildest confusion. She sat motionless, at the dresses hanging in serried rows before her.

Show girls! Like some of those lonely girls there were one or two left east! Was this to be just overnight, or where they're going—where?

Her hand lingered on the celluloid cover which protected the celluloid wedding gown and passed on.

Two minutes later, she was outside, hailing a taxi. She knew that night she had to be a jumbo, but it didn't seem to matter. It was her job to get to Peter as quickly as possible.

The girl alighted on the running board of the taxi, and the driver said that it was snowing. When she told the driver to go to the airport, he stopped and asked, "Flying tonight, lady? I heard most of the planes were grounded."

"I don't know," she said vaguely. "The weather does look bad."

**HARD DRIVING**

It did indeed. The driver made his way cautiously along the streets, skidding and then around a corner, getting out to wipe the snow, falling more and more heavily from the clagged windows, then taking a deep breath, then driving again, too, he threw over his shoulder.

Jan hoped that Peter would understand why it was taking her so long. She had never been when he called her. She could visualize him piecing the floorboards beneath his hand through his own blouse, muttering about her slowness.

The driver stopped and got out, stamping snow from his shoes and looking around for Peter. Then, she saw him leaning over the door, calling urgently to a man behind it.

"It's a very important matter," he was saying. "If you don't want to wait, we'll get out and walk up. I'll take a plane out myself."

**HAVE ORDERS**

We have orders from the lower, Mr. Van Vliet, on the man patient. They are no flies on me. Right if you want to hire a plane."

**Sonnysayings**

  
Tommy says he's goin' to be a army airplaner when he grows up. I guess I'll be a doughboy. It sounds more nourishin'!

**Animal Crackers**

  
An icy wind was blowing across the flat prairie. Peter said, "Stan shivering. The storm is over. Wind is dying too. Look, here comes a big passenger plane. Guess who's in it?" And, without permission to go up now.

**IS ENTHUSIASTIC**

There was something irresistible about the boy. He was almost drawn together. He was like this when he was near a plane.

Flying would always be, she thought, the best sport. She took her arm and half pulled her along, laughing exuberantly.

A small two seater was waiting to talk to the mechanic who was servicing it, and Jan saw that a man was running across the field toward them.

The boy came back triumphant. "I've done it! Going to pilot the plane. Charter it, Peter," he said, "Stan shivering. The storm is over. Wind is dying too. Look, here comes a big passenger plane. Guess who's in it?" And, without permission to go up now.

JAPAN IS NOT TERRIBLY OVERPOPULATED

There is much talk about the terrible over-population of Japan, and need of territorial expansion, but it is not as terrible as reported. The only real trouble is that Japan is a small country. The truth is that Japan is less populated per square mile than the United States. The density of population in Japan is said to be about 322 persons per square mile. Louis like New Jersey is about 368 persons per square mile. Louis like New Jersey has not even had to add territory to America in our defense.

It was Steve Gardner. He came up to Jan while Peter had his back turned. "Wait a minute," he called out. "Who are you?"

He caught her by the shoulders and whirled her around. Peter, in his turn, had come up behind her. Steve shouldered in swift, angry words like bullets. "You can't go with him, lady. Do you know why he's here?"

"We're going down to Hollywood to be married," said Jan, to the returning official. "Well, And, to my husband."

"I think I should still warn you that no planes should go except in case of emergency."

"This is an emergency," said Jan. "Peter grants. He was looking around and then across the room. Jan came up to him and put her hand on his arm. He turned around. "Well, And, to my husband."

## WEST CANNOT ACCEPT NEW WHEAT PLAN

*Continued from Page 8*

ference opened on Thursday morning.

The conference was presided over by A. E. Page, president of the Agricultural Supplies Board. Mr. Gardner outlined the new policy and asked for the co-operation of the provinces in carrying it into effect.

There are three outstanding features of the new plan:

1.—A limit of 250,000 bushels to be accepted.

2.—No increase in the 70¢ guaranteed price.

3.—The wheat will be based on 60 per cent of the 1940 wheat acreage.

The payment of bonuses for sum- mers' work on the farms and payments for seedings to cover losses and grants were ended as a supplement to the fixed prices and compensation for recent acreage.

It was recognized by the federal government that a farm income of \$250,000 per year would not sustain the western farm economy.

### SUGGESTIONS MADE

The conference made suggestions and recommendations to the federal government:

1.—A higher fixed price was urged.

2.—That the wheat adjustments be increased.

3.—That grass seed be made available through a program of seed production.

4.—That the percentage tax should not apply to a farmer's sale for home consumption.

The minister agreed to consider these suggestions.

I expressed the view that \$250,000 for the western provinces would not be enough to sustain the average of poverty and stated that western farmers should be placed in a position to receive a larger share of the national income.

Western representatives in the cabinet at Ottawa recommended that the federal government make a special consideration for wheat growers, but those in the west are not represented in the cabinet.

In general, the purpose of a fixed quota was to be expected.

The price for the time to be delivered was too low. Correct grants are needed and an increased acreage will provide reserves against poor years. The present fixed price with little market value cannot be considered an alternative cash crop.

### MODIFICATION NEEDED

The summer-fall wheat ap- plication was not sufficient to the shortage of grass and cover seeds no great areas can be seeded this year.

The federal government's wheat policy is highly unsatisfactory and must be modified to meet the world to compare wheat-growers with the federal authorities. It will be impossible for the west to accept the new plan as it stands. It has been announced under drastic modifications are made for the benefit of the eastern provinces, but not their for the western provinces.

**AMENDMENT TO  
DELAY BUDGET  
MEETS DEFEAT**

*Continued from Page 5*

Mr. MacLachlan moved the following amendment:

“That the imperial order for direct taxation, now in existence for domestic requirements of the Government and the maintenance of funds for the promotion of Canada’s part in the Empire in the present national crisis, and

Considering the estimated expenditure of the revenue amount to be required for the conduct of the war in the treasury branches, Social Credit Board and political advertising and other non-military services, and

As far as the speakers in the house could see, with the bill to get the necessary taxes, it was expected to speak at any great length, according to well-informed sources.

### DEAL WITH CHARGES

In his speech, Mr. Laing is expected to deal mostly with the charges laid on Monday by Major A. E. Page, president of the Canadian Farmers’ Federation, that two small hercules were used in the conduct that had preceded refunding the provincial grants and that a syndicate had been functioning.

The speaker will be asked to get the necessary taxes, it was expected to speak at any great length, according to well-informed sources.

### Milder Weather Forecast Here

Milder weather prevailed in the city Wednesday and the low for the night was 10 above at 8 am. This day's maximum was 22 above at 4 pm, and 18 at 8 pm. The temperature will drop to 10 below with dull winds at 10 am on Friday.

The forecast was "fair with little change and barometric pressure not that much lower than yesterday."

The near north average temperature is 20 above and falling and visibility is generally good.
